

Dear Valued Guest,

We are open as part of the state's critical infrastructure, for guests who need a place to stay during the COVID-19 Pandemic for purposes other than leisure travel.

Please note, if you are traveling from out of state for non-essential travel, you are required to reserve a room for the entire quarantine period and should be prepared to quarantine at the hotel until your quarantine period expires. Please review all Federal, State, and County orders and guidelines for travel to ensure you comply while here at Motel 6/Studio 6 and wherever your travels may take you.

We appreciate your patience and support during this time. Please stay safe and reach out to our front desk team members with any questions or concerns or if you are experiencing symptoms of COVID-19. And, as always, we remain committed to our promise to Leave the Light On. Thank you for staying with us.
